

## “Inclusive practices” on the project website [www.vision-inclusion.com](http://www.vision-inclusion.com)

### Invitation to contribute

VISION:INCLUSION is all about exploring ways to ensure that young people with a disability or impairment can take part in international youth work activities just like everyone else. One important element of the project is the website [www.vision-inclusion.com](http://www.vision-inclusion.com) – an inspirational platform that highlights the diversity and quality of existing projects and approaches.

We would like to invite you to contribute additional content to the platform. The section “Inclusive practices” offers a **virtual map** featuring organisations, clubs, associations and other stakeholders that are active in the field of inclusion. You should sign up, too! The page also contains a collection of **best practices, methods, materials, literature and links** that we want to extend.

Please complete, sign and return the questionnaire to:
